March, 2010

**Summary of Material Modifications to the  
Employers and Operating Engineers Local No. 520 Health and Welfare Fund  
Summary Plan Description and Plan Document**

Effective March 1, 2010, the Trustees of the Employers and Operating Engineers Local No. 520 Health and Welfare Fund amended the Plan as follows:

1. Page 87 **Subrogation** is replaced with the attached revised page 87. This page was revised to: 1) stipulate that under the subrogation provision the Plan's reimbursement must come from the proceeds of the claimant's settlement; and 2) clarify that the allowance for attorney's fees is described in the Subrogation Agreement which must be signed.
2. The following paragraph "Future Claims for Same Injury or Illness" is added after the last paragraph on page 89:

Future Claims for Same Injury or Illness: Once you or anyone on your behalf settles or compromises any claim(s) or wins any judgment for the above injury or illness, the Plan will pay no more benefits as a result of that injury or illness until the total medical expenses you incur exceed the total gross amount of any and all such settlements, compromises or judgment.

If you have any questions regarding the above changes, please call the Fund Office at 618-233-7978.

A handwritten signature in cursive script, reading "David Glastetter".
